

## **AKG of America Sales, Inc.**

AKG of America is an ISO certified company, a leading International Manufacturing Corporation dedicated to manufacturing the highest quality heat transfer systems and providing a high quality of life for all of our employees. AKG is a very stable company operating in the Mebane, NC area since 1981 and internationally since 1919. We are centrally located between Raleigh/Durham and Greensboro, NC.

Due to our extensive growth, we are expanding our work force and have multiple openings for the following position:

### **Product Designer**

We are seeking Product Designers to work in a customer-focused team-based environment to produce CAD models, engineering drawings and parts specifications for heat exchanger systems for OEM (Original Equipment Manufacturer) customers. A successful candidate is highly competent in 3D solid modeling, preparing accurate detailed production drawings and other related engineering documentation. Experience with SolidWorks is preferred but not required. Also must be able to work in a cross-functional team to develop the most efficient designs and manufacturing processes for our products. It is essential that candidates be familiar with metal fabrication methods such as machining, forming, welding and mechanical assembly techniques. Candidates that are familiar with internal combustion engines and fluid power systems are highly desired.

Essential Minimum Requirements:

- Associate degree in mechanical design or drafting with a minimum of 3 years of Product Designer/Drafter in a manufacturing environment
- Experience with engineering CAD software such as SolidWorks, SolidEdge, Pro-E, Unigraphics, AutoCad Inventor

AKG offers a very competitive wage and comprehensive benefit plan. This includes a 401(k) program, Health, Dental and life insurance, paid holidays and paid vacation.

To apply, please send, e-mail or fax resume to:
